ANTI WAVE - SINCE MUNICH 1972 AND ON
SWIM • POLO • POOL DECK • LEISURE • BULKHEAD

Anti Wave Equipment Selected for 2017 South East Asian Games Venue Kuala Lumpur, Malaysia.

Anti Wave is proud to announce that Anti Wave Equipment has been selected for the 2017 South East Asian Games Venue located in Kuala Lumpur, Malaysia.

Anti Wave has over 45 years experience in outfitting top performance aquatic venues around the world. Anti Wave supplied Lanes and equipment to the Munich 1972 Olympic Venue as well as the 1st World Aquatics Championships in Cali, Colombia in 1975.

Equipment selected includes all Racing Lanes, Pool Deck and Water Polo Competition equipment for pools within the Complex including one 25m Training Pool and one 50m Competition Pool.

Products selected include the Anti Wave MAXI Racing Lanes, Anti Wave Lane StoReels and SuperBlock 800 which features the Patented 5 Point Moveable Track Start system. Competition Water Polo equipment selected include Anti Pro Goal 1080, Competition and Training Polo Field Lines, Referee Walkways and Official Tables as well as Overflow Pool Grating TransGrate PP for both Pools in the facility.

The South East Asian Games will include 11 nations and the event runs from the 19th August until the 31st August 2017.
